THIS IS UNEVALUATED INFORMATION

1. There appears to be more hatred of the USSR in Yugoslavia than in any other European country. This is particularly true among a new group of rather young leaders in this country, who are having more and more to do with the economic and political administration of Yugoslavia.

3. Yugoslavia is having a very difficult time marketing her agricultural crops. Nearly 52% of her perishables never reach their market due to spoilage. Until the shortage of refrigerator cars, canning equipment, and slaughter houses is overcome, this situation will not improve.
